

# Biography Of Dr. David Miranda

## Dr. David Miranda

In practice since 2001, Dr. Miranda possesses exceptional knowledge in the medical and surgical management of emergency conditions for both adults and children.

Meet Dr. David Miranda - an exemplary Emergency Physician from Austin, Texas. He is a highly regarded professional whose expertise, precision, and passion have significantly influenced the lives of many patients and healthcare practitioners in emergency medicine. Known amongst his peers as a top ER doctor in Austin, Texas, his remarkable medical journey began in 2001, garnering commendable academic achievements, developing resuscitative and procedural mastery, and inspiring service-driven initiatives.

## Education and Professional Background

His wisdom, dedication, and successful career in Medicine can be traced back to his Bachelor of Science degree, which he earned from the University of California, Los Angeles, in 1993. After honing his passion for Medicine and the sciences at UCLA, he was accepted at the prestigious Cornell University Medical College in New York City, where he graduated in 1998. During his Emergency Medicine Residency at Northshore University Hospital/New York University School of Medicine, his excellent research contributions were recognized with the 2001 Resident Research Award at his institution and presentations throughout New York State and the New York Chapter of the American College of Emergency Physicians. He continues research in musculoskeletal response to exercise and the development of advances in digital medical record keeping.

## Specialist in Emergency Medicine

In practice since 2001, he possesses exceptional knowledge in the medical and surgical management of emergency conditions for adults and children. Throughout his professional

journey, he has displayed an unwavering commitment to professionalism. His expertise encompasses the management of complex trauma as well as neurological, cardiovascular, pulmonary, and renal diseases.

## Academic and Clinical Contribution

Miranda's passion for teaching and medical research is well recognized. His earnestness in delivering basic science, academic, and clinical Medicine knowledge to students and professionals manifests his wisdom and professionalism. His invaluable contribution includes the development of an emergency surgical airway teaching lab, which is still used at various resident teaching hospitals in New York. His work has given him a reputation as "the Professor" and the "Procedure King" amongst colleagues.

## Community Services and Volunteering

He has served the community extensively throughout his career. From mentoring educational programs and providing homeless medical care in New York City to participating in medical mission trips to underserved areas nationally and internationally, his actions exemplify a seamless blend of professional competence and selfless service.

## Honors and Memberships

For his astute understanding of medicine and outstanding professionalism, he was recognized as a top ER doctor in Austin by the Austin Monthly Magazine. This honor recognizes those doctors who have achieved special recognition by their peers. David Miranda MD, also holds active membership with the American Board of Emergency Medicine. He is a fellow of the American College of Emergency Physicians, with memberships with the Texas Medical Association and Travis County Medical Society.
