

Omar Hussain

Expertise in Real Estate, Healthcare, and Hospitality

Omar Hussain is a business executive and entrepreneur with a background in healthcare, real estate, and hospitality. Based in Chicago, he is a founder of Saffron Capital. His expertise includes strategic leadership, operational efficiency, and promoting strong relationships with community and industry partners. Omar is involved in various ventures, including Curis Healthcare,

Hilal Builders, and Hilal Haaj & Umrah, bringing expertise in operation efficiency and strategic growth.

Formative Years and Academic Journey

Omar M. Hussain was born and raised in Chicago, Illinois. He attended Roosevelt University, where he studied Marketing and Advertising from 2001 to 2004. His experiences at Roosevelt helped shape his future in business and community engagement.

Career Development

Omar Hussain has had a successful and varied career across multiple industries, demonstrating his adaptability and expertise in several fields. His entrepreneurial and strategic thinking has allowed him to enter competitive industries.

Principal, Curis Healthcare (2020 - Present)

Omar has developed and implemented best practices to enhance patient outcomes, satisfaction, and operational performance. He also works closely with clinical leaders to improve patient and service quality. In addition, Omar led the development of IT systems and electronic health records, which improved data analytics capabilities. His contributions to strategic planning and market expansion have positioned Curis Healthcare for growth and long-term success.

Principal, Hilal Haaj & Umrah (2002 - Present)

Omar's role at Hilal Haaj & Umrah, a travel and logistics advisory firm, allows him to support the travel needs of hundreds of pilgrims each year. As the Principal, he has managed the logistics, finances, and team coordination for pilgrimages to Hajj and Umrah. His work ensures smooth travel experiences for many people, making their spiritual journey easier. His work with Hilal Builders has contributed to the growth of commercial and residential spaces in various regions, reflecting his commitment to community development and economic growth.

Principal, Hilal Builders (2010 - Present)

In 2010, Omar co-founded Hilal Builders, a company involved in the United States's residential and commercial real estate development. Omar leads development projects from design to completion, ensuring every aspect of each project aligns with financial goals and yields a strong return on investment. His role requires him to manage budgets, conduct financial analyses, and monitor progress closely.

Principal, The Prysm Group (2016 - 2020)

Omar was a key player at The Prysm Group from 2016 to 2020. Here, he worked closely with healthcare organizations and hospitals to promote diagnostic products and services. He developed relationships with hospital executives and led a national sales team, focusing on creating sales strategies that aligned with company goals. He monitored market trends and advised on strategies to set Prysm Group apart in a competitive field.

Saffron Capital

Omar is also the founder of Saffron Capital, a business that represents his interest in real estate, arts, and other sectors. Saffron Capital provides financial and strategic consulting services to businesses in various sectors. The company focuses on helping clients achieve their growth and economic goals through tailored investment strategies and expert advice. Under Omar's leadership, Saffron Capital has become known for its innovative approach and commitment to client success.

Philanthropic Work and Community Involvement

Omar focuses on helping underserved communities. In Chicago, he volunteers with Shower Up, an organization that provides showers for homeless individuals. He also founded an annual coat drive, which collects winter coats for children in need, ensuring they have warm clothing during the cold months.

Beyond his work in Chicago, Omar initiated the provision of clean drinking water in countries like India and Bangladesh, as well as schools and mosques that serve communities in need.

Achievements and Recognition

Omar has achieved significant milestones throughout his career, from leading healthcare initiatives to managing large real estate projects. His work has consistently focused on delivering value, improving outcomes, and creating meaningful impacts in his community and beyond.

Outside of Work

Omar is passionate about African art, Japanese art, and pop art. His appreciation for art is broad and encompasses various styles and cultural expressions. He also has an interest in fashion and keeps up with trends in the art world.

In addition to art, Omar enjoys charity work. He takes pride in using his resources and connections to support causes he is passionate about, particularly those related to education and health.
