ABOUT THE EVENT

Neurology conference organized by **Magnus Group** has been the preeminent global conference for neurology professionals over the last 5 years and we take great pride in organizing and inviting all the global delegates, to unite once again at the “**8th Edition of International Conference on Neurology and Brain Disorders**” (INBC 2023) which is scheduled during **October 19-21, 2023** as Hybrid Event at **Boston, Massachusetts, USA** and **Virtually**.

The conference will enlighten the theme “*BRAIN: Bolstering & Renovating Advanced techniques In Neurology” and will focus on its agenda to bring together distinguished scientists, researchers, academicians, notable neurologist, healthcare professionals, surgeons, nurses, caregivers, pharmacists, industry icons and government representatives to discuss the latest innovations, trends, and problems in the field.*

The introduction of fresh technical capabilities has spurred the evolution of neuroscience, and the rate at which these capabilities are being developed has accelerated substantially in the last decade. The objective of this conference is to generate innovative treatment ideas that will benefit individuals with a variety of brain disorders.

We provide an ecosystem that allows research findings to be communicated to the appropriate audience, allowing innovations to move forward for a better society and we hope to see you at INBC 2023.
