

CHRIS FOULON

CPF COACHING LLC

PROFESSIONAL EXPERIENCE:

Christophe Foulon, founder and cybersecurity coach at CPF Coaching LLC, brings over 15 years of experience as a vCISO, information security manager, adjunct professor, author, and cybersecurity strategist, and a passion for customer service, process improvement, and information security. He has also spent over ten years leading, coaching, and mentoring people.

As a security practitioner, Christophe is focused on helping businesses tackle their cybersecurity risks while minimizing friction, resulting in increased resiliency, and helping to secure people and processes with a solid understanding of the technology involved. He gives back by producing a podcast, "Breaking into Cybersecurity," focused on helping people transition into the cybersecurity industry by sharing the stories of those who have done it in the past five years to inspire those looking to do it now. He also co-authored "Develop Your Cybersecurity Career Path: How to Break into Cybersecurity at Any Level" and "Hack the Cybersecurity Interview: A Complete Interview Preparation Guide for Jumpstarting Your Cybersecurity Career".

Christophe holds a Master of Science in Information Technology, Information Assurance, and Cybersecurity, a graduate certificate in Information Systems, and a bachelor's degree in Business Administration/Information Systems from Walden University. He has also earned several industry certifications, such as the CISSP and GSLC.
