## Speaking Topics

### **Handcuffed to the Rules: Key to Unlocking Your True Confidence**

I share my personal story of fear, about married to an abusive police officer. This opens people up to their own personal power. Use of signature experiential exercise helps to anchor the lesson.

### **The TLC Evolution™: 3 Simple Step System for Ridiculous Confidence**

In an age of overwhelm it is challenging to make decisions, to form our own opinions or even know what we want. Introducing the TLC Evolution's 3 simple steps & one of my signature experiential exercises.

### **Embodying Even More Confidence: Role Casting**

Predominantly a big experiential exercise. A fantastic way to offer variety when there are many speakers at an event. This presentation helps to create more confidence, regardless of the role we are playing
