- Prepare for & win your next sales appointment
- Learn techniques used by the worlds best negotiators, top sales leaders, and military special warfare.
- Save time and sell more using cutting edge software.
- Recruit more talent to your team.

Instructor: **Chris Catania**

Chris Catania is a seasoned sales expert and negotiator with a unique background in military psychological operations training. Having trained at the Army Special Warfare Center, Chris gained invaluable insights into human behavior and communication tactics, which he seamlessly integrates into his sales methodology.

His ability to understand and influence the psychology of others has consistently yielded remarkable results, earning him a reputation as a top-performing sales professional.

Chris is passionate about sharing his knowledge and teaches practical techniques and strategies derived from his extensive experience and military training. Participants of his courses not only learn how to close deals effectively but also how to establish strong connections and leave a lasting impact from the very first interaction.
