# HERE'S WHAT OTHERS SAY ABOUT ME

## WELL-PACED AND CAPTIVATING

The "Stretch" speech. I was very impressed with Stallone. He is a fabulous orator and very able to demonstrate his understanding of the concept "Stretch yourself" to attain your goals and improve your wellbeing and ambitions. His deliverance is perfect, well paced and captures his audience. Clearly he has studied the art of public speaking and is very able to impart his knowledge. I would fully endorse his approach to helping others.
