(March 1, 2021)... In an era that has many people struggling to stay connected and motivated, author Hila J. Esters offers hope for finding joy with her five strategic steps to empowerment and transformation that affect change in every area of life in her latest book, ***The Miraculous Realm of Heaven On Earth***, available now on Amazon at <https://www.amazon.com/dp/1647461731> and The Miraculous Realm website <https://themiraculousrealm/the-shop>.

Esters has spent years pursuing spiritual freedom in the Word and the power of God. Using powerful stories of miracles, signs, and wonders from her life, she demonstrates how to break through obstacles to find freedom and transformation to people wanting more to life than just their daily experience. She is also an Unlimited Possibilities Master who utilizes an anointed, *5 Step Miraculous Real System* for receiving unlimited possibilities from the Word of God which she shares with others seeking out an abundant life with the Lord. Esters is also the author of *Daddy's Little Girl* and *Your Daddy's So-o-o Big...*

When asked why she wrote **The Miraculous Realm of Heaven On Earth**, Esters said, "When people have the know-how that empowers and enables them to meet their challenges and overcome them, they can indeed change their lives."

"Moving in freedom of choice from the heart and rearranging your current situation is at the heart of everything I do!", she exclaims.

Accompanying the book, ***The Miraculous Realm of Heaven On Earth***, is Esters' God-based *Five Step Miraculous Realm System*, empowering men and women with the ability to see what's attainable with only a few simple shifts in their current situation, available at [The Miraculous Realm website](https://themiraculousrealm.com).
