

# JUSTINE MARTIN

INTERNATIONAL KEYNOTE SPEAKER |  
RESILIENCE COACH | AUTHOR | PODCAST HOST

## ABOUT

Resilience means having the capacity to recover quickly from difficulties and to show toughness. This definition has been the cornerstone of Justine's extraordinary journey over the last decade, a journey no one could fathom, but in Justine's words, this journey has changed her for the better. Justine uses her learned experiences of overcoming adversities to help others gain their own resilience.

2011, she was diagnosed with Multiple Sclerosis, underwent three heart surgeries, and then had three primary cancers at once. She was told she would never work again by a medical professional. But that was never an option for her.

Justine catapulted herself into the world of business. She not only changed her life to give it purpose and direction but also inspired those around her with her story.

# TESTIMONIALS

It was an absolute honour to hear the inspiring entrepreneur Justine Martin speak in Northern Ireland in late 2023. Justine's ability to speak from the heart, sharing her journey in a way that is authentic, real, and incredibly moving was a joy to listen to. Her resilience and strength in the face of layers of adversity, reminds anyone who is struggling with disability or chronic illness to not be limited by others' views on how your life must look. I highly recommend Justine as a speaker to any organisation looking to inspire and empower their audience. She leaves everyone in the audience feeling a resounding "I can achieve".

Owner/Managing Director at  
Warida Wholistic Wellness

Justine is such an inspiring presence. Her story comes across raw, unrehearsed is told entirely from the heart. She does not preach a certain way of living one's life, she simply walks the audience through the various roadblocks that she has faced and describes the mindset that she adopted to overcome them, not just to survive, but to thrive. She delivers with such warmth and humility that one finds themselves drawn into the story and hoping for her not to finish speaking.

Justine Martin is truly a beacon of empowerment and advocacy in the realm of disability awareness and inclusion. As a distinguished expert and passionate publisher, Justine's journey is not merely a narrative; it's a catalyst for profound change and societal transformation. Justine's work transcends mere advocacy; it's a testament to the power of resilience and the boundless potential of the human spirit. She challenges assumptions, dismantles stereotypes, and paves the way for a world where everyone is celebrated for their unique abilities. I could listen to her speak all day long!
