

WORKING BETTER TOGETHER

Tips on Danish working culture & US working culture

"HOW ARE YOU?"

Americans see it as just a greeting, but Danes often start explaining how they're feeling that day.

JOB TITLES

They don't matter much in the Danish flat hierarchy, but Americans love their professional titles.

WHO'S THE BOSS?

American bosses like to be in the loop at all times. For Danes, that can seem like micromanagement.

WORK-LIFE BALANCE

Danes love their three week summer vacations. That lack of availability drives Americans nuts!

"EDUCATIONAL AND ENTERTAINING"

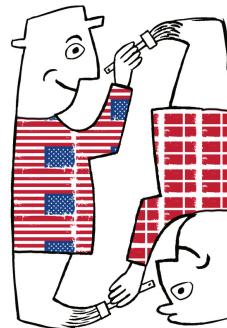

BOOK KAY FOR A PRESENTATION

Kay Xander Mellish is a US-DK dual citizen and the voice behind the long-running "How to Live in Denmark" podcast. Her presentations on US and Danish business culture are fun and full of useful eye-openers.
