Family**

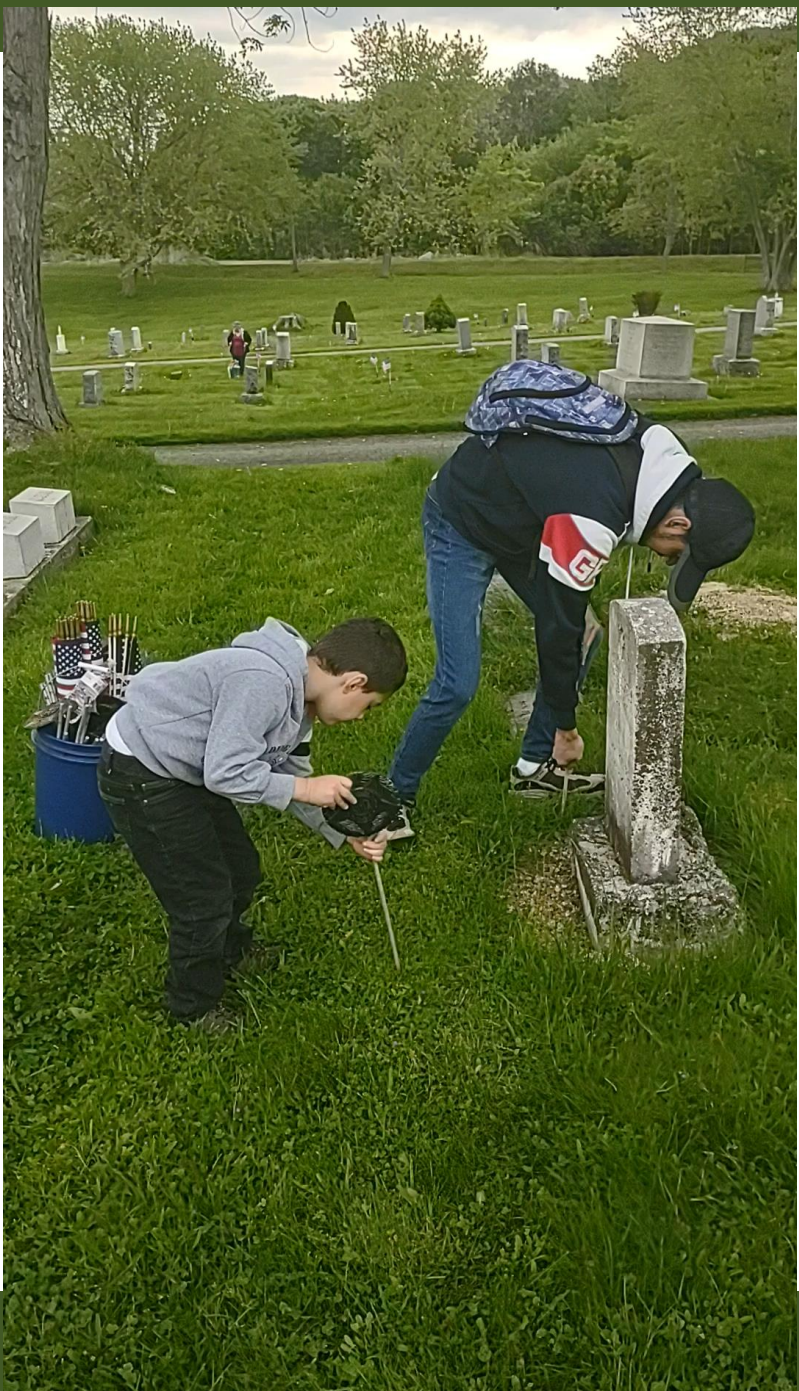

**Bangor ME, Home Sweet Home!
12/24/2021**

Part 6: New Life – New Home - Maine

Immigrants coming to USA

We are just new people in town
looking for a decent life to live

Some have skills, some are well
educated, some have technical
expertise, others have international
experience...

We are the new workforce backup
for Maine and for its businesses!

What to keep in mind?

- We are survivors 24/7
- We are eager to give back to the community we belong to!
- We want to find a new home!
- We are looking forward to being New Mainers!

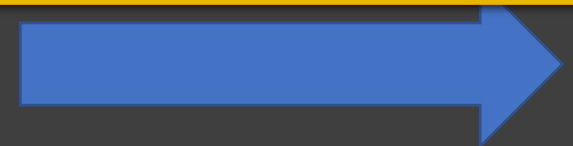

What do we want?

It's very simple. We are looking to work and start living a life where we can get a roof over our heads, feed our families, be safe, and get our children educated...

We are looking mainly for life's basics, and we shall be grateful for that...

and then comes the DREAM to ACCOMPLISH!

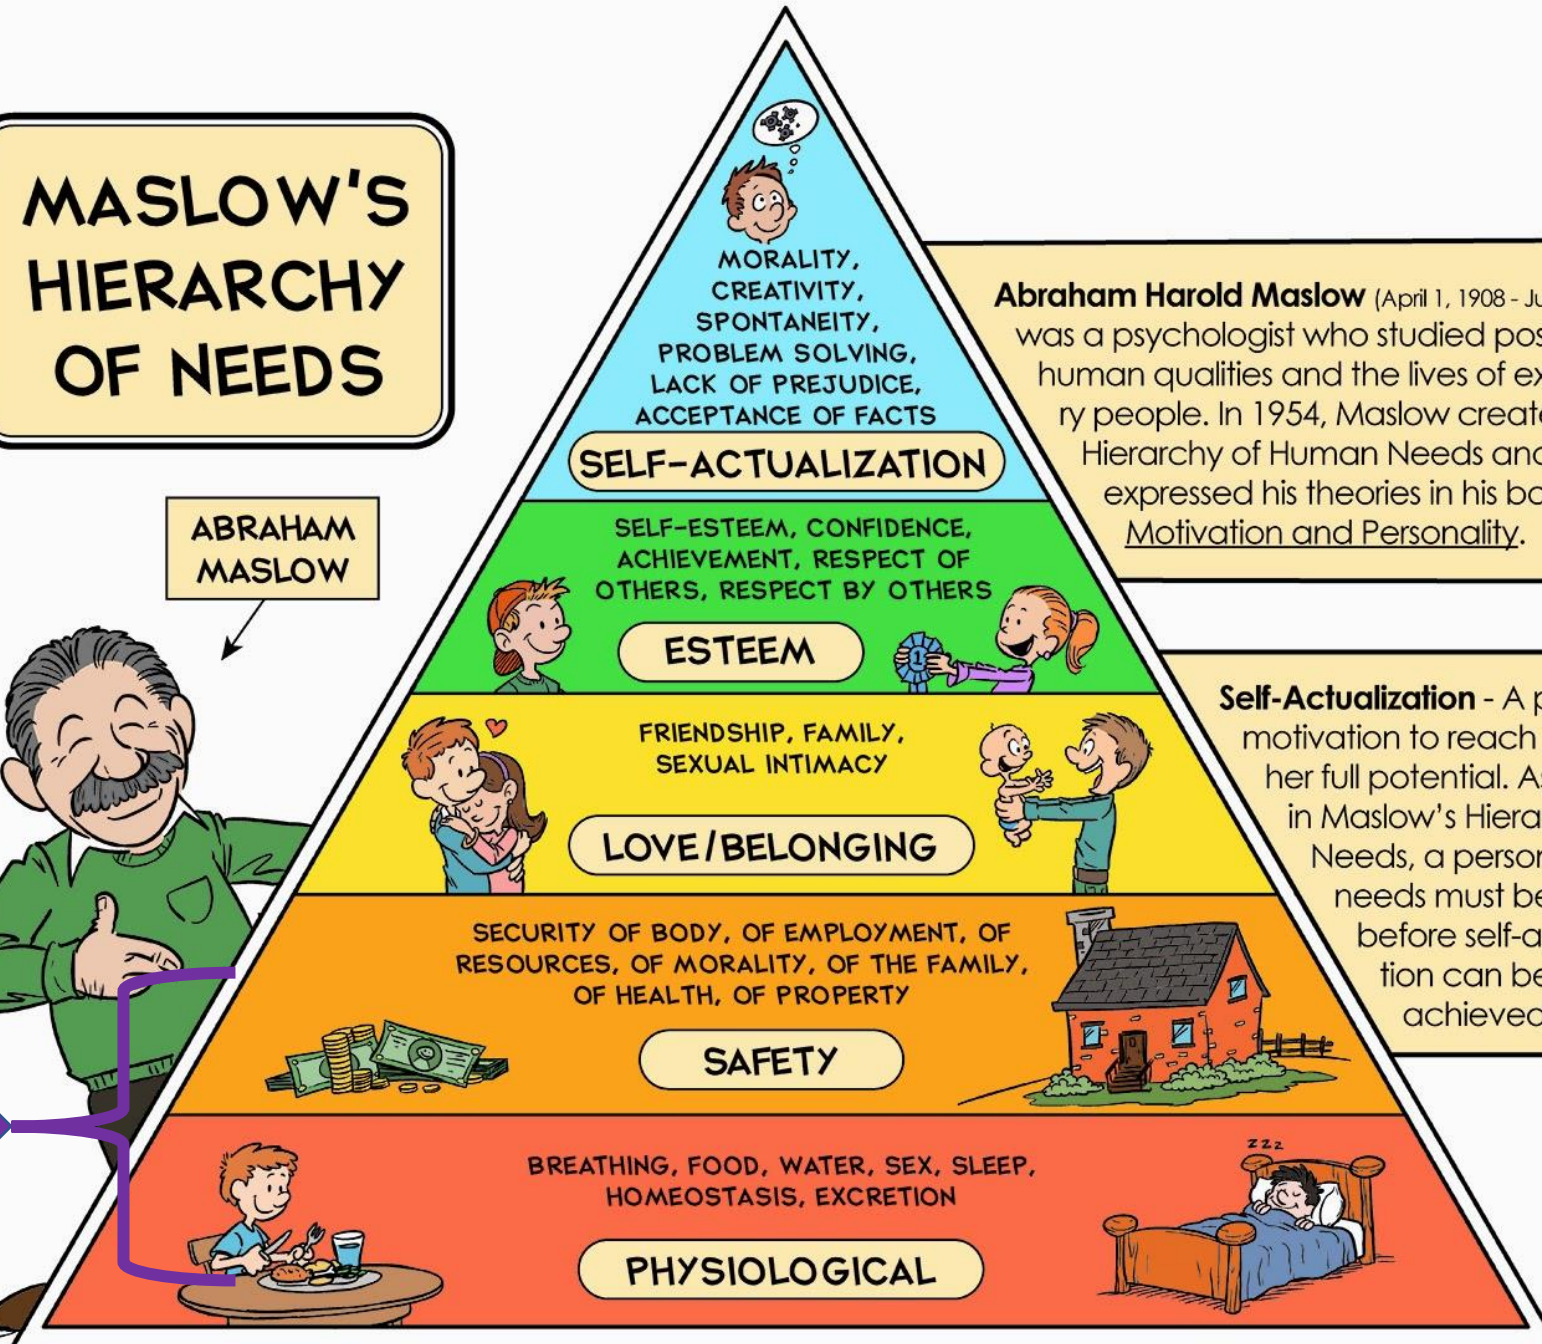

MASLOW'S HIERARCHY OF NEEDS

ABRAHAM MASLOW

Immigrants' basic needs

Abraham Harold Maslow (April 1, 1908 - June 8, 1970) was a psychologist who studied positive human qualities and the lives of exemplary people. In 1954, Maslow created the Hierarchy of Human Needs and expressed his theories in his book, Motivation and Personality.

Self-Actualization - A person's motivation to reach his or her full potential. As shown in Maslow's Hierarchy of Needs, a person's basic needs must be met before self-actualization can be achieved.

“Individually, we are one drop. Together, we are an Ocean.”

~ Ryunosuke Satoro ~

What do we want? 

We **need** from You to give us
the chance to be one of you and start
giving back to Maine as New Mainers!

Q & A
