

# Leadership, Innovation & Mindset Keynote Speaker

🧠 **Learn about the 'Mindset Equation' for Success to enhance your mindset, business and life!**

After a 25 year career in the corporate world with award winning results in organisational effectiveness, employee engagement and leadership development, Paul decided to follow his passion to inspire and help audiences across the world.

Paul is considered to be a leading expert on mindset, leadership & innovation; and also the Founder of Leadership Innovators and The Mindset Journal Company.

Paul's key note talks on for events, conferences and after dinner talks are future focused looking at Innovation, Megatrends, the future of leadership and how to reframe our mindset.

Paul's consultancy Leadership Innovators, specialises in leadership development to help organisations become more productive and profitable by developing their leaders mindset and capability.

Paul's mission is to create influential leaders and entrepreneurs to be the leaders the world now wants to see, and he aims to help individuals and leaders be the best they can be, helping businesses unlock their full potential.

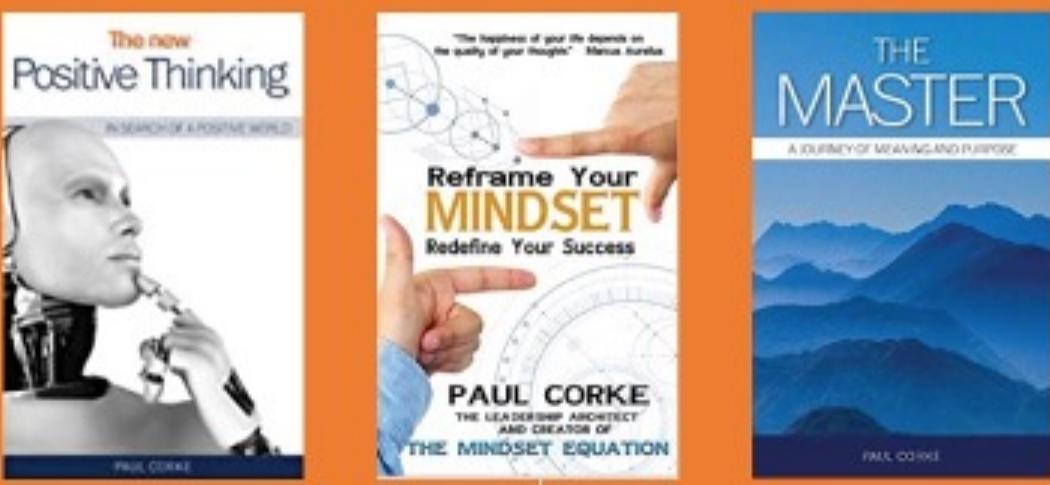

He is also a protagonist for business for good so when he does business or gives a keynote talk he changes lives in the world through the B1G1 platform for philanthropy. Paul is also a 'Speaker for Good' for B1G1 and also talks on his own philanthropic journey.

His keynotes are engaging, inspiring, and insightful offering practical tools and techniques that the audience can apply to make a difference in their work and personal lives.
