

# SouLah the Legend

Laneen A. Haniah

She is a unicorn, the type of person that comes along only once a millennium! SouLah the Legend is a renowned Author, Speaker, Artist, Songwriter, Poet, Producer, Influencer, and Entrepreneur all packaged together in a stunningly beautiful physical and spiritual presence, with an awe-inspiring backstory that will make anyone believe they can thrive through anything! Laneen A. Haniah first gained recognition under the title, Dr. Intimacy, as a prolific Christian speaker. Although she had always aspired to be an actor, model, and artist, she gave up her dreams to become a full-time wife, mother, and minister. While wildly popular in the underground church, she suffered a loveless marriage, as she cared for the seven children she shared with her husband. Feeling stripped of her genuine identity, she battled depression and suicidal thoughts. After surviving life-long sexual abuse and years of confinement to a hospital bed as a child, Laneen had beaten incredible odds, only to end up feeling as if her existence did not matter. Finding the courage to leave behind her repressive life, she embraced her true calling and has become a unique authority in helping other's find their significance. SouLah believes "it takes more than talent or charisma to transform lives; it takes real depth and meaningful authenticity". Laneen Haniah is a relevant voice, speaking the universal language of the soul, guiding people to purpose and legacy; she truly is SouLah the LEGEND.
