

Kevin J. Juliano

Cultivating the Inherent Potential of Others

Kevin is driven by a simple, powerful goal:
Cultivate the Inherent Potential of Others

This philosophy became his mission after he completed the FMI Leadership Institute in 2017. Inspired by the idea of transforming organizations by cultivating the very best of people's natural gifts, Kevin dedicated himself to the study of leadership and organizational development. He went on to earn a pair of Master's degrees and is currently completing his Ph.D. in Organizational Leadership.

Beyond his work as a consultant, Kevin shares his passion as a professor of Leadership Studies and volunteers at a local church. His expertise is grounded in both academic rigor and a deep commitment to helping others succeed.
