Anitha Senthilnathan

Cloud Solutions Architect | AI Practitioner | Speaker | Multi-Cloud Expert

UAE | AWS & Azure Certified | Speaker @ AWS Summit | Empowering AI + Cloud at Scale

About Me

I am a Cloud Solutions Architect with 12+ years of experience designing secure, scalable, and cost-optimized cloud architectures across AWS and Azure. With a strong foundation in software engineering (ex-Emirates Group), I specialize in cloud migration, DevSecOps, AI-enabled solutions, and multi-cloud governance.

Passionate about knowledge sharing, I've spoken at the AWS Summit and various tech community meetups. My goal is to help organizations and professionals embrace the future of cloud and AI — especially in the context of enterprise transformation.

Key Speaking Topics

- Migrating to the Cloud at Scale - Lessons, pitfalls, and success patterns from large enterprise transformations.
- AI-Powered Applications in the Cloud (Low-Code & No-Code) - How anyone can build intelligent apps using cloud-native tools.
- Cloud Security & Cost Optimization in a Multi-Cloud World - Balancing governance, innovation, and budgets.

Past Engagements

- Speaker – AWS Summit UAE 2025 (Topic: "Importance of AI Skills in Today's Landscape")
- University Guest Speaker – Building First AI Applications in the Cloud
- Community Contributor – AI Skills 4 Women, AWS & Azure communities

Certifications

- AWS Certified Solutions Architect – Associate
- Microsoft Certified: Azure Solutions Architect Expert (AZ-305 in progress)
- AZ-900, AZ-104
