

*I help people make smarter,  
safer decisions about where  
they live before it's too late.*

"George is a natural and gifted speaker,  
and was a huge success at the Climate  
Action NOW Monthly Film Festival in  
Fairfax, Virginia in February 2025, where  
we had more than 240 ticketed seats."

Noreen Wise

## Presentations

### *Built to Last: Buyer Beware*

A powerful, straight-talk session designed to help  
buyers and renters make smarter, safer decisions.

The session can also include a screening of *Built to  
Last: Buyer Beware*.

## Bio

George Siegal is a documentary filmmaker and former TV  
journalist who builds impact through story. As founder of  
Move the World Films, he tackles resilience, housing, and  
system failures with a solutions lens. Credits include the  
award-winning *Built to Last: Buyer Beware* currently  
airing on public television stations across the country, *The  
Last House Standing*, *License to Parent*, and the  
podcast *Homeowners Be Aware*.

## Events

### Florida Floodplain Managers Association Annual Conference

Cape Coral, FL June 26, 2025  
Screening of *Built to Last: Buyer Beware*

### ASFPM Annual National Conference

New Orleans, LA May 21, 2025  
Screening of *Built to Last: Buyer Beware*

### Climate Action Now

Fairfax, Virginia March 24, 2025  
Screening of *Built to Last: Buyer Beware*

As a Film Director and Producer based in Florida, I specialize in  
creating powerful documentaries that highlight hidden issues  
affecting homeowners and renters. My work focuses on revealing  
unseen risks that endanger people's safety and property, giving  
them knowledge to make informed decisions before problems  
worsen.

NJAFM Annual Conference
