## Executive Development

### Strategies and Techniques that Deliver Rainmaker Results

#### Portfolio Management and Client Development Program

Valuable for C-Level Executives, Project Portfolio Managers & Business Unit Leaders. Excellent for CMMI Levels 3 to 5.

Wanda offers a variety of outstanding presentations to move your team to the next level. Strategies and Techniques that Deliver Rainmaker Results is one of Wanda's most demanded tracks, and can be customized as a keynote speech, breakout session, one or three day seminar.

Are your portfolio management practices driving sales and implementation efficiencies? This powerful, interactive program provides the skills for developing enterprise realization by way of realistic project portfolios. Participants will be able to develop a sound project portfolio strategy, discover techniques to increase growth, decrease company project overruns, and create a foundation for effective project accountability.

Dr. Curlee combines planning strategies with proven techniques that create a machine for efficient implementations and effective and proactive growth – regardless of economic conditions.

### Areas of Focus

#### Strategic Planning

*Determining if the strategy is realistic and achievable.*

#### Strategic Goal Definitions

*Determining if the right resources are aligned to execute the plan.*

#### Strategic Implementation

*Determining realization of your portfolio synergies.*

### Benefits

#### Achievable Strategic Planning

Tactical Goals that Align with the Strategic Planning

Portfolio and Strategy Alignments

Enterprise Realization (resources, projects and programs)

Portfolio Governance that Gains Acceptance

### Meet Dr. Wanda L. Curlee

For more than 30 years, speaker and management expert Dr. Wanda Curlee worked in several industries to include IT, Government, Insurance, Telecommunications and Consulting as a Project, Program and Portfolio Management Leader.

Active with the Project Management Institute's (PMI) certification and standards teams, contributor on the Requirements Practice Guide and Program Management Standard (4th edition) core teams and a member of the team that developed the Portfolio Management Professional (PfMP) certification, she is sought by the world's leading companies for her ability to share knowledge, techniques and complexity.

Dr. Curlee has published three books, two delve into complexity theory and one is about virtual PMOs; contributed to 2 books about portfolio management; and served as editor of a management book set to be released in 2Q-2017. She has earned four PMI credentials: PfMP, PgMP, PMP and PMI-RMP. Her engaging and entertaining style empowers audiences, leaving them with a renewed commitment to professionalism and success.
