"Charles Cary is a man on a mission, a mission to help other people to find the untapped strength that they have within, yet far too often do not realize that they have. I have known Charles for a number of years and have always been impressed with his willingness to keep looking deeper and deeper inside himself to find the gifts and abilities that were hidden by situations, and circumstances. Charles struggled with addiction, but looked inside and found strength to overcome it.

I appreciate Charles Cary for his continued willingness to be transparent and open his life up, in an effort to help others! Bravo Sir Charles, Bravo! I recommend you read this book and then share it with friends, you will be glad you did!" --Dr. Willie Jolley, Best Selling Author of "A Setback For A Comeback" and "An Attitude of Excellence!"
